

CV - DAWN THOMAS - Nateez Boxers

I have owned Boxers since the 1980's and started showing them a few years later. I am a committed dog lover and admire so many breeds but the Boxer will always be my "heart breed".

I was very lucky to have bred a Champion in my first litter (Ch Nateez Primero at Cherryside) after acquiring my foundation bitch from the famous Roamaro Kennel; she was out of the litter sister to the legendary Ch Roamaro Scotch Mist of Winuwuk.

I have been fortunate enough to handle for some of the top kennels in the UK; Faerdorn, Walkon, Wildax and Seacrest to name a few. I also have shown Boston Terriers.

Over the years I have judged in the UK, South Africa, New Zealand and Ireland.

My showing of dogs has taken a back seat in recent years to pursue my other lifelong passion of horses, I have been showing my Welsh Section D Cob at the highest level, being placed at the famous Royal Welsh Show the last two years, being the top winning Section D in Ireland. My close involvement with horses has given me a deep understanding of construction and movement which I believe translates into my judging of Boxers.

One of my other hobbies is cold water swimming so I am hoping to take advantage of the clear waters while I am visiting your fabulous country!

I am very much looking forward to judging here in Norway, and will be keen to subsequently see which bloodlines feature in my winners.
