

## CV for Norwegian Boxer Club 2016

My name is Tuula Seppälä and I am 46 years old Boxer breeder from Finland. I got my first Boxer in 1980 and I was very lucky with her. She was a true Boxer personality and we shared many great moments together: she became champion and gave birth to my first litter in 1984. It was a litter of eight puppies and two of them became champions. My prefix is Chamentine`s and I have bred eleven litters of Boxers and one litter of Boston Terriers with nice results. Over the years I have imported Boxers from the Netherlands, Belgium and England. I have owned and showed also Cairn Terriers, Fox Terriers (smooth) and Pugs.

I was approved to judge Boxers in 1999 and I am now licensed to judge 19 breeds from FCI groups 2 & 9. It is always nice to combine my two favourite hobbies – dogs and travelling. So far I have had the pleasure to judge Boxers in Australia, England, Estonia, Ireland, Norway, Sweden, Russia, New-Zealand and naturally in Finland. It is very interesting to see Boxers in other countries – they look so very different for example at the Westminster show in New York than at the ATIBOX shows here in Europe!

I wish to thank the Norwegian Boxer Club for the invitation to judge at the Boxer speciality in Trondheim. I am looking forward to seeing new Boxers and I wish we all have a pleasant day at the show!
